The Greater Hollywood Chamber of Commerce, presents the 2020 Disaster Preparedness Conference: A comprehensive conference supporting the business community by providing valuable information and insightful advice on disaster preparedness. Our 2020 Disaster Preparedness Conference will provide participants with a resource guide – a program booklet containing all helpful links, expert panel advice & local organizations information and a business expo where local contractors & businesses can connect with the community.

Participating in the 2020 Preparedness Conference is an investment in your business and community because it’s an opportunity to:
- Interact with leaders in various preparedness industries to expand your professional network.
- Participate in interactive panel discussions and take away innovative solutions and practical strategies to prepare for disaster.
- Connect with local resource organizations to ensure that you develop a comprehensive plan of action using our resource guide
- Learn the “best practices” to prepare for, respond to, and recover from natural disasters.
- Discover what issues your business may face in times of disaster.
- Understand the policy issues that must be considered pre/during/post disaster.

In addition, the 2020 Preparedness Exhibit Hall is an integral part of the conference. Don’t miss the opportunity to put your products and services in front of the industry leaders and decision-makers. Showcase your consulting/ products services throughout the conference by displaying marketing material and providing valuable information to attendees.
